## THE BEST TRAINING CENTER IN THE WORLD

IRCAD is one of the leading surgical education providers in the world, an ambassador of French excellence in minimally invasive surgery. The Institute offers unique training facilities, and welcomes over 8,800 surgeons from all surgical specialties every year. The remarkable involvement and self-commitment of more than 800 international experts, who are recognized as international opinion leaders, is key to the Institute's success.

## **FULL IMMERSION IN GENERAL & DIGESTIVE SURGERY**

Laparoscopy has proven its efficacy and benefits in many field of surgery. Today all sorts of basic and advanced surgical procedures can be performed safely and with excellent functional and oncological outcomes.

An increasing number of new technologies are being implemented in the operating room for the benefit of patients and surgeons.

Learning new techniques is of paramount importance to stay up to date, but it can require a lot of time and resources, which makes it unpractical to follow the old historical paradigm of surgical education.

This brand new Live and Lab course aims to exploit the full potential of the IRCAD training model and platform: live surgical operations performed and commented by the world's best surgeon, hours of hands-on training in the perfectly equipped state-of-the-art IRCAD labs, under the guidance of expert tutors.

A very simple and straight to the point formula: learning new surgical skills to improve the quality of our daily practice.
