

THE BEST TRAINING CENTER IN THE WORLD

IRCAD is one of the leading surgical education providers in the world, an ambassador of French excellence in minimally invasive surgery. The Institute offers unique training facilities, and welcomes over 8,800 surgeons from all surgical specialties every year. The remarkable involvement and self-commitment of more than 800 international experts, who are recognized as international opinion leaders, is key to the Institute's success.

FULL IMMERSION IN COLORECTAL SURGERY

Technology has an increasingly significant impact on the future of surgery. Robotics, patient-specific 3D preoperative simulation, intraoperative augmented imaging, advanced flexible endoscopic operative platforms and tools, tailored multimodal treatments, and evidence-based medicine are now the foundation of modern, personalized surgery.

In the colorectal field, no-scar surgery through natural orifices has created the perfect balance between safety, efficacy, and patient benefits, especially in rectal cancer treatment.

IRCAD's model of international education and hands-on training exemplifies the most innovative method of learning modern surgery

in a safe, cost-effective, and enjoyable way. Leading surgeons from around the world share their expertise through live surgery, educational videos, and lectures, both online and on-site and are happy to assist participants during hands-on training sessions on live tissue and anatomical specimens.

Thanks to our new state-of-the-art auditorium equipped with 3D 4K projectors, live robotic surgery can be experienced at its best.

Since 2022, the IRCAD has been offering a unique intensive and comprehensive one-week course that can also deliver a university diploma and European credits for continuing medical education.
