IRCAD: INNOVATION & EXCELLENCE FOR SURGERY

The IRCAD offers an exceptional training facility, welcoming over 7,200 surgeons from all surgical specialties every year. It is considered one of the leading surgical education providers in the world in the field of minimally invasive surgery. With the world's top experts, the perfect mix between theoretical sessions and hands-on practice, and the latest generation of robots, the IRCAD experience will answer all your needs.

FULL IMMERSION IN COLORECTAL SURGERY

Technology is having an increasing impact on the future of surgery. Robotics, patient-specific 3D preoperative simulation, intraoperative augmented imaging, advanced flexible endoscopic operative platforms and tools, precise multimodal treatments, and evidence-based medicine represent the modern cornerstone of personalized surgery.

In the colorectal field, no-scar surgery through natural orifices has found the perfect match between safety, efficacy, and patient benefits, and more particularly so in rectal cancer treatment. The IRCAD new-generation model of international education and hands-on training epitomizes the absolute best way of learning modern surgery in a safe, cost-effective, and most enjoyable way. Top surgeons from the world over openly share their expertise through live surgery, educational videos, and lectures, both online and on-site.

From 2022 onwards, IRCAD will offer further opportunities providing the first ever university diploma in minimally invasive colorectal surgery.

COURSE CANCELLATION POLICY

Should you wish to cancel or postpone your registration, please notify us by email at: cancellation@ircad.fr. Please note that no refund or postponement will be considered for any cancellation received less than 6 weeks before the course starts, even if Visa application has been denied.

Please check our website to see the specific cancellation policy due to the COVID-19 sanitary situation.
