

IRCAD: INNOVATION & EXCELLENCE FOR SURGERY

The IRCAD offers an exceptional training facility, welcoming over 7,200 surgeons from all surgical specialties every year. It is considered one of the leading surgical education providers in the world in the field of minimally invasive surgery. With the world's top experts, the perfect mix between theoretical sessions and hands-on practice, and the latest generation of robots, the IRCAD experience will answer all your needs.

FULL IMMERSION IN GYNECOLOGIC MINIMALLY INVASIVE SURGERY

Laparoscopic surgery is a major concern for gynecologists. After the advent of this revolutionary approach which was initially led by Raoul Palmer in 1940, followed by the tremendous works of Kurt Semm, Maurice-Antoine Bruhat, and Harry Reich, minimally invasive surgery covers almost all aspects of our specialty.

However, the main gynecologic indication remains adnexal surgery. Our duty is therefore to **disseminate laparoscopic techniques among all gynecologists worldwide.**

In this context, the IRCAD gynecologic team has prepared the latest top-notch programs to cover the most advanced techniques in laparoscopic surgery.

Taking part in our courses will allow you to learn from **world-renowned experts, discuss and interact with them.** This full-fledged participation will provide you with every information and extensive tips and tricks to reach the next level of success for the benefit of your patients.

Are you sufficiently skilled for the care of your patients? Come and join us, and be one of the 6,200 surgeons who have seized the opportunity to **improve their knowledge and know-how.** All Faculty members will be happy to welcome you and help you to update your skills and enhance your minimally invasive surgical capabilities.
