

# FACULTY CONFLICT OF INTEREST DISCLOSURE SUMMARY

## Intraoperative Ultrasound Navigation for Liver Surgery and Thermoablation Advanced Course from 09/07/2026 to 11/07/2026

As a general guiding principle, IRCAD Continuing Education (CE) programs are free of commercial influence, based on best scientific evidence and focused on improving the knowledge, skills, attitudes, and behavior of learners. IRCAD as a CE provider ensures that teachers deliver current, objective, and scientifically rigorous content. IRCAD scientific program planning committee members oversee the needs assessment, program development, compliance with disclosure rules, and the oversight of the activity in general. IRCAD CE providers commit themselves to resist any influence or interference that could undermine their professional integrity. IRCAD course directors always declare that all marked COIs will not interfere with any scientific activity during the courses. IRCAD use of industry partner equipment or devices during hands-on learning sessions does not represent an endorsement of these products. Participants are informed that a variety of similar products are available for their use outside of the course.

| FAMILY NAME | FIRST NAME       | AFFILIATION                                                       |            |        | has declared "no conflict of interest" | has not declared any conflict of interest | has declared conflict of interest | companies |
